To: DDRS Waiver Service Providers
From: Anne Davis, Bureau of Quality Improvement Services Director
Re: Save The Date: National Core Indicator 101 webinar
Date: January 27, 2015

The Bureau of Quality Improvement Services (BQIS), within the Division of Disability and Rehabilitative Services (DDRS), is pleased to host a webinar surrounding the National Core Indicator (NCI) project. The Human Services Research Institute (HSRI), in collaboration with the National Association of State Directors of Developmental Disabilities Services (NASDDDS), developed the NCI Project as a means for states to evaluate the quality of services provided to individuals with developmental disabilities. All DDRS approved providers who deliver services under the Community Integration and Habilitation (CIH) Waiver and/or the Family Supports (FSW) Waiver are welcome to participate.

The National Core Indicators are standard measures used across states to assess the outcomes of services provided to individuals and families. Indicators address key areas of concern including employment, rights, service planning, community inclusion, choice, and health and safety.

As a service to our waiver providers, BQIS is hosting this webinar to ensure providers have an overall understanding of the NCI survey, its purpose, and the type of information it can generate.

Webinar Details:

- Date:** Thursday, February 5, 2015
- Time:** 1:00 p.m. EST (webinar to last approximately 1 hour)
- Topic:** Josh Engler of HSRI will present the following:
- Overview of the NCI survey
 - Type of information the survey generates
 - Type of reports developed through the collection of data, and what states receive
 - Time will be allotted for questions and answers.

A subsequent email will provide registration information and details as the date approaches.

In the meantime, questions may be directed to Anne Davis, Director of BQIS, at Anne.Davis@fssa.in.gov or 317-234-1147.
